

CONIFERS

Thuja occidentalis

- **American Arborvitae**
- Size: 15'-35'
- Spread: 10'-20'
- Sun: Sun, Part Shade
- Soil: Loam
- Moisture: Medium
- Bloom: Non-Flowering

Juniperus virginiana

- **Eastern Red Cedar**
- Size: 10'-80'
- Spread: 8'-20'
- Sun: Full Sun, Part Shade
- Soil: Wide Variety
- Moisture: Medium
- Bloom: April-May

Abies balsamea

- **Balsam Fir**
- Size: 50'-70'
- Spread: 15'-25'
- Sun: Full Sun, Part Shade
- Soil: Silt Loam, Stony Loam
- Moisture: Medium
- Bloom: Non-Flowering

Pinus strobus

- **White Pine**
- Size: 50'-80'
- Spread: 20'-40'
- Sun: Full Sun, Part Shade
- Soil: Loam
- Moisture: Medium
- Bloom: Non-Flowering

ANNUAL TREE SALES OPTIONS

Picea glauca var. densata

- **Black Hills Spruce**
- Size: 20'-40'
- Spread: 10'-15'
- Sun: Full Sun
- Soil: Fine Clay, Gravelly or Sandy Loam
- Moisture: Medium
- Bloom: Non-Flowering

Larix laricina

- **Tamarack**
- Size: 30'-80'
- Spread: 15'-30'
- Sun: Full Sun, Part Shade
- Soil: Loam
- Moisture: Medium
- Bloom: Non-Flowering

TALL HARDWOODS

Populus tremuloides

- **Quaking Aspen**
- Size: 20'-50'
- Spread: 10'-30'
- Sun: Full Sun
- Soil: Loam, Clay Loam, Sandy Loam
- Moisture: Medium
- Bloom: Spring

Betula nigra

- **River Birch**
- Size: 40'-70'
- Spread: 40'-60'
- Sun: Full Sun, Part Shade
- Soil: Sandy Loam, Clay
- Moisture: Medium, Wet
- Bloom: Spring

ANNUAL TREE SALES OPTIONS

Acer rubrum

- **Red Maple**
- Size: 40'-70'
- Spread: 30'-50'
- Sun: Full Sun, Part Shade
- Soil: Sandy Loam, Silt Loam, Clay Loam
- Moisture: Medium, Wet
- Bloom: Spring

Acer saccharum

- **Sugar Maple**
- Size: 40'-80'
- Spread: 30'-60'
- Sun: Full Sun, Part Shade
- Soil: Sandy, Loam
- Moisture: Medium
- Bloom: Spring

Quercus macrocarpa

- **Bur Oak**
- Size: 50'-75'
- Spread: 50'-75'
- Sun: Full Sun
- Soil: Clay, Loam, Sandy
- Moisture: Medium
- Bloom: Spring

Quercus rubra

- **Northern Red Oak**
- Size: 50'-75'
- Spread: 50'-75'
- Sun: Full Sun
- Soil: Clay, Loam, Sandy
- Moisture: Dry, Medium
- Bloom: Spring

ANNUAL TREE SALES OPTIONS

Quercus bicolor

- **Swamp White Oak**
- Size: 50'-60'
- Spread: 50'-60'
- Sun: Full Sun
- Soil: Silty Clay, Silt, Sandy Loam
- Moisture: Medium, Wet
- Bloom: Spring

MEDIUM HARDWOODS

Malus 'Red Splendor'

- **Crabapple, Red Splendor**
- Size: 15'-20'
- Spread: 15'-20'
- Sun: Full Sun
- Soil: Loam
- Moisture: Medium
- Bloom: Spring

Prunus americana

- **American Plum**
- Size: 15'-25'
- Spread: 15'-25'
- Sun: Full Sun, Part Shade
- Soil: Loam
- Moisture: Dry, Medium
- Bloom: Spring

Cercis canadensis

- **Eastern Red Bud**
- Size: 20'-30'
- Spread: 25'-35'
- Sun: Full Sun, Part Shade
- Soil: Clay Loam, Sandy Loam
- Moisture: Medium
- Bloom: Spring

SHRUBS

Viburnum dentatum

- **Arrowwood**
- Size: 6'-10'
- Spread: 6'-10'
- Sun: Full Sun, Part Shade
- Soil: Loam, Sand, Clay
- Moisture: Medium
- Bloom: Spring, Early Summer

Prunus virginiana

- **Common Chokecherry**
- Size: 20'-30'
- Spread: 15'-20'
- Sun: Full Sun, Part Shade
- Soil: Loam
- Moisture: Dry, Medium
- Bloom: Spring

Cornus sericea

- **Red Osier Dogwood**
- Size: 6'-9'
- Spread: 8'-12'
- Sun: Full Sun, Part Shade
- Soil: Sand, Loam, Clay
- Moisture: Medium, Wet
- Bloom: Summer

Sambucus canadensis

- **American Elderberry**
- Size: 5'-12'
- Spread: 5'-12'
- Sun: Full Sun to Part Shade
- Soil: Sand, Loam, Clay
- Moisture: Medium, Wet
- Bloom: Summer

Syringa vulgaris

- **Common Lilac**
- Size: 6'-10'
- Spread: 6'-10'
- Sun: Full Sun
- Soil: Clay, Loam, Sand
- Moisture: Medium
- Bloom: Spring

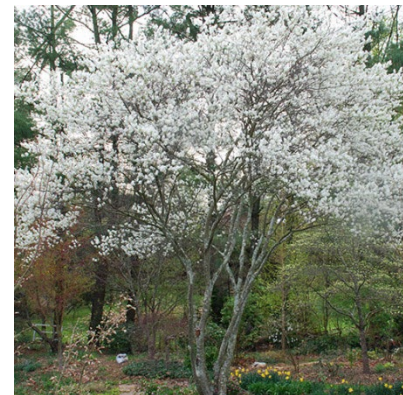

Physocarpus opulifolius

- **Common Ninebark**
- Size: 5'-8'
- Spread: 4'-6'
- Sun: Sun, Part Shade
- Soil: Loam, Clay
- Moisture: Dry, Medium
- Bloom: Spring, Early Summer

Amelanchier alnifolia

- **Serviceberry (Juneberry)**
- Size: 4'-20'
- Spread: 4'-15'
- Sun: Full Sun, Shade
- Soil: Loam
- Moisture: Medium
- Bloom: Spring

NATIVE SEED MIXES

Mesic Prairie Mix

Mixed height (ranging from 3-6 ft) prairie for medium moisture or clay soils. Contains iconic tallgrass prairie species like Big Bluestem and Indiangrass, as well as over 15 species of forbs.

Pollinator Mix

Dry-mesic for pollinator habitat enhancement and restoration. Diverse mix, with over 25 species of wildflowers including 3 or more in each bloom season: spring, summer, fall.

Savanna Mix

This mix was specially designed for part-sun oak savannas and woodland edge sites with 25-50% tree cover, it contains a mosaic of colors and bloom times.
